THE SELLING PROCESS

What happens when you sell

TRANSWORLD® Business Advisors

Most sales take **8 to 9 months** from start to finish. Here is every step, in order. Your business stays confidential the whole way.

GETTING READY

1. **Marketing agreement**
   You sign an agreement that lets us market your business confidentially.
2. **Collection of information**
   We gather your financials, your lease and the details of your business.
3. **Develop marketing**
   We write a confidential listing that does not name your business.
4. **Client approval**
   Nothing goes out until you have approved it.

FINDING BUYERS

5. **Marketing**
   We present your listing to our buyer network.
6. **Buyer inquiry**
   Interested buyers contact us, not you.
7. **NDA**
   Every buyer signs a confidentiality agreement before learning who you are.
8. **Initial phone screening**
   We speak with each buyer first.
9. **Proof of funds**
   Buyers show they can afford the purchase.

MEETING BUYERS

10. **Call with the seller**
    You have a first call with a qualified buyer.
11. **Meeting with the seller and tour**
    You meet the buyer in person and show them the business.

MAKING THE DEAL

12. **Offer and negotiations**
    The buyer makes an offer and we negotiate price and terms on your behalf.
13. **Due diligence**
    The buyer verifies your records. Provable numbers matter most here.
14. **Closing**
    The documents are signed and the sale is completed.
15. **Transition**
    You help the new owner get started for an agreed period.

Confidential at every step

Your staff, customers and competitors do not find out. Buyers learn who you are only after they sign a confidentiality agreement and we have screened them.
